Daylight Nature Cruises to Desolation Sound

Join one of our small group nature tours (max 16 per departure) as we explore the scenic wonders of the Sunshine Coast and Malaspina Strait on our way to spectacular Desolation Sound in the sheltered waters of the Strait of Georgia between Vancouver Island and British Columbia's West Coast.

Our 5 Day tour cruises the waters between the many islands in this area rich in wild life including whales, orca, porpoises, sea lions, seals, hundreds of species of sea and shore birds not to mention the possibility of sighting black and grizzly bears foraging the shore lines.

An attractive feature of this tour is that we only sail during daylight hours and our guests sleep in comfort ashore in well equipped water side lodges with a choice of room category and use of lounges and bars.

Our season runs from May thru September and we offer the 5 day/4 night "Mid Week" day light cruise in Desolation Sound commencing on Mondays also a 3 day/2 night "Week End Away" package staying at Homfray Lodge for 2 nights"

Desolation Sound Nature Cruise
