Nimmo Bay Wilderness Resort

is the very definition of a secret hideaway, nestled into the old growth forests of British Columbia's Great Bear Rainforest, poised over serene and sparkling waterways and accessible only by helicopter or floatplane.

Nimmo Bay was one of the world's first ecolodges. The lodge offers a high-end wilderness experience in one of the most remote and stunning places on the planet.

Spend your days watching orcas or bears, kayaking among salmon and sea lions, or soaring high into the mountains in a helicopter to hike landscapes where few have ventured.

Later unwind with fresh coastal cuisine, a soak in a hot tub beneath a towering waterfall, and an evening of music and laughter sitting around the fire on the floating dock.

Experience Nimmo Bay...

Select a 3, 4 or 7 night package, Nimmo Bay tailors to the individual, spend your days viewing wildlife, fishing, hiking or just reconnect with nature and get away from it all at this 5 star wilderness retreat. Our packages include return flights from Vancouver and on request we can arrange a private float plane directly from Vancouver or Victoria to the lodge.

There are only 9 two bedroom luxury cabins all feature large indoor and outdoor living areas, with all the comforts of a 5-star luxury hotel including robes, pillow menu, complimentary mini bar of juices, soft drinks, beer, specialty teas, coffee, house wines, Bose IPOD dock & stereo to name a few.

Wilderness & Wildlife Adventure
