**Your Journey**

On this 6 day extreme winter adventure, you will start out from the capital city of Yellowknife and venture straight into in the heart of darkness, the Canadian arctic winter! With each passing kilometre, you will **snowmobile** further and further away from civilization towards the small traditional Indigenous community 250kms away on the far east arm of the massive frozen **Great Slave Lake**, one of the largest lakes in the world!

Aside from trying to stay warm and survive in the freezing temperatures, you will also **set fishnets to catch food to eat** and **setup tents for shelter to sleep** in and relax and enjoy the pristine natural wilderness of Canada's north! Maximum group size is 10, so book early as there are limited dates available. All winter gear, riding gear, snowmobiles and winter survival gear is provided, you just need to bring your spirit of adventure, your friends or colleagues and your will to survive!
